

Your Interview: What To Expect

An interview with an Ai admissions representative gives you and your family an important opportunity to get to know what Ai is all about, and for us to get to know you. Although we can do interviews over the phone, it is best to visit a location in person. During the interview we will:

- Discuss your goals and interests
- Take a tour of the school so you can get a glimpse of what it's really like
- Answer your questions and your family's questions
- Together, decide on next steps such as how and when to apply

Tips For Success

- Write out the questions you and your family have, and bring them with you (anything from housing to tuition to careers!)
- Bring along family and friends; everyone is welcome
- Confirm your appointment time and date with your Ai admissions rep, and arrive on time
- Talk about what you are looking for in a school
- If you have a portfolio of work to bring, great! (It's optional)
- If you have your high school transcript, bring that too

Keep In Touch!

Do you have a Facebook or MySpace page? The Art Institutes does! Add us to your profile(s) to download stuff, meet others who have an interest in a design school education, learn more, and get updates and bulletins from The Art Institutes.
